

We invite you to attend the IOF Regionals – 3rd Asia-Pacific Osteoporosis Meeting in Kuala Lumpur, Malaysia, expected to be the major bone event within the region in 2012.

Organized by the International Osteoporosis Foundation (IOF) in partnership with:

- **Malaysian Osteoporosis Society (MOS)**
- **Osteoporosis Awareness Society of Kuala Lumpur (OASKL)**

Abstracts and Programme

Accepted abstracts of the Meeting will be published as a supplement to Osteoporosis International. IOF has adopted a long term plan for the development of Regional Programmes, including regional scientific meetings. The Asia-Pacific region is the largest growth market in the world in the bone field.

->Abstract deadline is August 10, 2012

We look forward to announcing an exciting scientific programme of interest to a broad range of physicians and health professionals. The focus of the Meeting will be on the clinical treatment of osteoporosis and current topics of specific relevance to the region.

Given the growing burden of osteoporosis in the Asia-Pacific Region, we expect that there will be great interest from participants and key opinion leaders across the region. We hope to welcome you to Kuala Lumpur!
